IMPORTANT FOREIGN NEWS.

Russia Preparing for War.

By American Press Association to the STAR.
LONDON, Sept. 26.—It is rumored that
a great conscription has been ordered
throughout Russia, and that the Russian
Government has ordered the preparation
of a register of all horses liable to
seizure in case of war. The report is
creating considerable excitement here.

A CORDIAL RECEPTION.

BERLIN, Sept. 26.—The Emperor Wil-
liam, who is now visiting Alsace, has re-
viewed the cavalry on the battlefield of
Weissenburg. Reports received here
state that the population received him
with great enthusiasm.

THE SAME THING ON FRENCH GLASSES.

PARIS, Sept. 26.—Reports received here
state that the Emperor William, now
visiting Alsace, has been received cordi-
ally by the population. No manifestations
of enthusiasm were made.

TWENTY THINGS OF SWEET HOME.

VIGO, SPAIN, Sept. 26.—Wm. M. Tweed
is still confined in the Castillo Del Castro
and is strictly guarded. No access to
the prisoner is allowed. The United
States steamer Franklin arrived here at
6 o'clock this morning, saluted the Span-
ish flag and dropped anchor in the har-
bor. It is understood that the Franklin
will convey Tweed to the United States.

NEWS FROM THE METROPOLIS.

That Explosion.

By American Press Association to the STAR.
NEW YORK, Sept. 26.—The Hell Gate
explosion, from all that can be gathered,
appears to have been entirely success-
ful. The shallowest place in the reef is
now two fathoms deep at low water. In
viewing the scene of the explosion and its
surroundings not a sign could be
found indicating that the shock had been
at all severe, save in the immediate
vicinity of the mine.

The Government Engineers will be
busy for several days to come calculat-
ing figures collected at the various
points of observation, and the report
will then be published. A solitary in-
stance of damage by the explosion is re-
ported from Brooklyn. Just after the
explosion a large part of the parlor
ceiling of the house occupied by Charles
F. Wingate, 61 Jefferson street, fell with
a crash. Mrs. Wingate and child were
in the room, and narrowly escaped be-
ing killed. This is the only case of ac-
tual damage that has yet been reported.

The Funeral.

of the late Wm. K. Kitten, President of
the National Park Bank, took place yester-
day.

Probably Fatal Injuries.

Yesterday afternoon during an alter-
cation between two laborers, Daniel
Sullivan, of No. 79 Abert street, and
Patrick Lyons, of No. 100 Bayard street,
Sullivan struck Lyons on the head with
a shoe, fracturing his skull and caus-
ing probably fatal injuries. Sullivan
was arrested.

A Banquet.

It is proposed to give the foreign ride-
men a banquet at the Brooklyn Academy
of Music when they return from Wash-
ington.

The Crowd and Trade.

The influx of visitors to the city dur-
ing the past three weeks has been un-
precedented. Proprietors of hotels say
they never have seen such a rush. They
comprise persons coming from going
to the Centennial. The fall trade for
wholesale and retail has largely in-
creased. It is the general belief that the
hoteliers will continue to be crowded
until the close of the Philadelphia Exhi-
bition.

Cheap and Rapid Travel.

A company is now organized in this
city under the title of "The New York
City Company," limited, for the purpose

of supplying a cheap and improved sys-
tem of transit in New York and vicinity.
The necessity of this work has long been
felt, and many attempts have been made
in the direction in which the present
enterprise is progressing. The company
will have a capital of \$500,000, in five
thousand shares of \$100 each. Four-
wheel one-horse cabs and other vehicles
will be introduced, and the charge to be
50 cents an hour.

The cabs will seat four, with arrange-
ments on top for baggage. The driver to
be in livery, and stand convenient to
every thoroughfare are to be occupied
at all hours, day and night. Subscrip-
tion and ten days later a meeting of
the stockholders will be held to choose
directors and perfect the organization.

FROM THE NATIONAL CAPITAL.

Letters for South America.

By American Press Association to the STAR.
WASHINGTON, Sept. 26.—At present, as
there is no direct mail communication
between the United States and Brazil,
correspondence for Brazil and the Ar-
gentine Confederation can only be for-
warded to their destination via England
at the postal rates by British mail pub-
lished in the table of postages to foreign
countries. Postmasters should cease
taking postage at direct mail rates to
these countries.

The letter rate to Brazil is 21 cents per
half ounce, and to the Argentine Con-
federation 27 cents per half ounce, pay-
ments compulsory. There are eighteen
hundred letters for Brazil now lying at
New York waiting an opportunity to be
sent direct to Brazil, the postage on
these letters not being sufficient to carry
by British mail.

The Safe-Burglary Case.

was continued yesterday afternoon on
the part of the prosecution. The de-
fense made their opening this morning,
and expect to get in their evidence dur-
ing the day. The indications are that
the case will be given to the jury on
Wednesday.

The Rifle Teams.

reached this city last night and com-
mence their target shooting at 10 o'clock
to-day. Special prizes for the best in-
dividual scores will be awarded at the
close of the three days' shooting.

THE INDIANS.

Another Story of the Custer Butchery.

By American Press Association to the STAR.
CHICAGO, Sept. 26.—The Standing
Rock Indians have surrendered six
mules and a number of American horses
in addition. The Indians with Kill
Eagle say a son of Inkpadut killed
General Custer. He rushed upon him,
Custer leveled his gun at him. The In-
dian threw Custer's gun up and stabbed
him in the breast and passed on, and
returning shot him through the head.

Returning Harrington with twenty
men escaped some six miles, but were
finally chased into an alkali bed and shot
down.

None were captured. One man, a
soldier who spoke Sioux, surrendered
and passed the Indians his gun and re-
volver, but they shot him with his own
gun. Sitting Bull reproved them severely
for this. He wanted him brought to
camp. The Indians at Standing Rock
have been informed that their annuities
will be withheld, but they laugh at the
idea.

Political.

By American Press Association to the STAR.
NEW YORK, Sept. 26.—The Graphic's
special from Aberdeen, Mississippi, says
a Republican meeting was broken up at
Oktobata Saturday night by Democrats.
Four negroes were killed and several
wounded.

WASHINGTON, Sept. 26.—Advices from
South Carolina relative to the condition
of affairs in that State are variously
conflicting. Letters received by Senator
Patterson represent a perfect condition
of anarchy and give details of the
slaughter of hundreds of colored citi-
zens, while advices to the Department
of Justice and War Department are of
quite a different character and do not
warrant the sending of any more troops
into the State.

The trouble as stated in the reports
to the War Office have mostly grown out
of strikes on the rice plantations, and
the whites now in arms are simply at-
tacking the civil officers in quelling the
disturbances. Senator Patterson takes a
different view, and sends by the infor-
mation sent to him personally, and
demands that more troops be sent into
the State at once. Governor Chamberlain
was here yesterday, and had a lengthy
interview with the acting Attorney
General, but made no request for addi-
tional troops.

St. Louis, Sept. 26.—The Democrats
of the First and Third Districts of this
city nominated E. O. Kerr and R. G.
Frost. Kerr's is a nomination, and
Frost takes the place of W. H. Stone,
the present incumbent.

Identifying the Minnesota Rob- bers.

By American Press Association to the STAR.
CHICAGO, Sept. 26.—Additional par-
ticulars from the Minnesota bank rob-
bers are to the effect that the fellow
killed at Madella has been embalmed
and was on exhibition at St. Paul yester-
day. The three in jail at Fairbairn captured
and are identified by the Chief of
Police of St. Louis as Cate Younger,
Bob Younger and Al. Carter.

Carter is a Texas desperado, and has
seldom worked with the Younger gang.
His identification is, however, uncer-
tain.

Mills Burned.

By American Press Association to the STAR.
COLUMBUS, O., Sept. 26.—A fire broke
out last night at Westerville, O., and de-
stroyed a grist mill and barns adjoining.
Loss, \$3,000; insurance, \$3,000.

Chicago, Sept. 26.—A large saw-mill
at Frankfort, thirty miles above Mani-
tous, Mich., was destroyed by fire Mon-
day morning. Loss \$30,000; insurance
\$10,000.

Springfield Items.

Special to the STAR.
SPRINGFIELD, O., Sept. 26.—About one
hundred men have steady work at the
fire office.

Marshal Dichter, of Franklin, is here,
and identified the two burglars in jail.
Sunday evening, just before the time
for his regular services at the Central
M. E. Church, an old man
named Adam Epoley, who was sitting
in a church pew, dropped dead.

Minor Mentions.

By American Press Association to the STAR.
WASHINGTON, Sept. 26.—Secretaries
Merrill, Chandler and Tynor have re-
turned.

New York, Sept. 26.—The steamer
Liberty founded and was abandoned
on the 17th instant. The crew were all
saved.

New York, Sept. 26.—A rain storm
prevails here to-day, and at intervals
the rain comes down very heavily. The
wind is light and weather cool.

ALBANY, Sept. 26.—The Greenback
Convention met at noon. Mr. Corey,
of Kings County, was made temporary
Chairman. The Committee on Perma-
nent Organization, Credentials and Res-
olutions were appointed, and the Con-
vention adjourned until 3 o'clock.

PITTSBURGH, Sept. 26.—Henry L. Mc-
Callough, a lawyer living in Allegheny
City, shot himself in the head last night.
The wound will prove fatal. He had
been drinking to excess. He fired at a
stranger in the street just before he shot
himself, but luckily missed him.

Lloyds as missing. It is believed she
was foundered with all of her hands
and three hundred Coolies.

Judge Dillon, in the United States
Circuit Court, rendered a decision in the
suit of St. Louis County against the Mis-
souri Pacific Railroad Company, to de-
termine whether the county has a lien
on the railroad for \$700,000 loaned to the
Company in 1893. The Court, while not
giving a final decision, holds that the
county's claim is secured, and that it
constitutes a lien or equitable charge.

Since the cyclone at Galveston in Sep-
tember last the whole island is being
covered with the finest quality of Ber-
muda grass. As the sand hills on the
beach form they will become matted
with this grass, and thereby become per-
manent sea walls.

child. In an interview with Lizzie a
few hours after his imprisonment he ex-
pressed his willingness to marry the
girl, so this morning he was taken
under guard, to Esquire Anthony's
office, where the twins were made one
flesh, and now the happy couple are en-

MR. WALLACE DENIES.

A Statement of the Case Made by the Gazette.

Mr. Wallace, Democratic candidate
for Sheriff, being met by a STAR re-
porter this morning, had the following from
the Gazette pushed at him:

"The question now is, how many
thousand dollars it cost WALLACE to se-
cure the Democratic nomination for
Sheriff. Perhaps Brown can tell."

On being questioned on the matter he
denied the imputation of the use of
money, and said:

"I not only deny the charge, but refer
to all my friends, Democratic or Republi-
can, who were present at the Conven-
tion."

Reporter—Did you spend no money,
Mr. Wallace?

Mr. Wallace—Of course I spent small
amounts of money in the way that is
done by all candidates, and in fact by
all active politicians, whether candi-
dates or not. But the charge that money
was used to secure my nomination is
not true, and I defy the Gazette or any
one else to specify or put the charge in
any definite shape.

Reporter—How about that deputyship
to Republican?

Wallace—Another of the same kind.
Of course I expect a large Republican
vote, but not a single Republican has
asked for an appointment, and I have
made no
